NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the Town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensly valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

IMPORTANT TO ALL WHO VALUE THEIR SIGHT.

CONCAVE CRYSTAL CONVEX LENSES

THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses manufactured by the

PHILADELPHIA OPTICAL INSTITUTE,

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal Glasses are the following:

The Lenses are ground of the best material pure and hard, and made only for optical purposes, they are therefore not liable to get a scratch of film.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eyes.

They are ground mathematically true in the concave convex mirror, according to the philosophy of nature, and shape of cornear of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glasses without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles we have appointed as agent for this neighborhood, as stated below, who has received all needful instructions, and will, in all difficult cases, have the assistance and consultation of a practical Optician from the Institute here

wo years, the cotton from nt forward in a very ob- . The primary cause is weight of the bales and the of bagging on those bales. ence of this is that the re cotton in this market, have disadvantages in making e to nearly always make de- eight for the light bales, be- to accept really less prices could get, if the bales were put and with less heavy bagging. told continually by our domestic that they can't pay us full price C. cotton, for when they get the bales mills they find they lose frequently 0 pounds per bale, for tare, more than cotton shipped from the Gulf States. Exporters tell us they usually calculate on 3½ to 4 per cent. tare on the cotton they ship to Liverpool or the continent, but on N. C. cotton they lose 7 to 8 per cent. and they cannot therefore pay full prices for it.

Some of our Exporters here have positive orders *not to buy N. C. cotton*, purely on account of this extra tare on light bales and extra bagging.

Cotton should be put up in as near 500 pounds as possible, with just enough bagging to cover it, without lapping at the sides or heads of the bales.

Most of the transportation Companies carry cotton by the bale and they charge as much for a 350 lb. bale as they do for one weighing 500 pounds. The expenses attendant upon sales are generally "per bale." Consequently the less number of packages the planter sends forward the less will be his expense.

There is no objection to the staple of N. C. cotton; in fact it is conceded that it is equal to that raised in Georgia, on the uplands, and but for the style in which the bales are put up, would bring equally as good prices. We write you the foregoing not for publication over *our name*, as it might be construed by some as an advertisement. We do it in the interest of the citizens of *our old State* whose welfare we have at heart. You are at liberty to make such extracts from the letter that you may deem proper, but not to use our name, unless it be inquired for. Hoping this may not be an intrusion and that the information may be of service to our friends,

We are Sir, yours very truly,

TRINITY COLLEGE.

College life at Trinity seems to be about what College-bred men have always desired, but have rarely seen. Some ladies from a distance have been here for some time with their sons and relations, and scarcely a week passes, without some gentleman from a distance, who comes to see Trinity for himself; all agree, except in buildings, that Trinity, take it in all respects, is all that could be desired. When the Faculty and Trustees twelve months ago, put up the grade and course of study so high, and made the requirement so unflinchingly rigid, many feared the College would not be sustained. But it is doing well, there being now about one hundred and fifty students. A large number have been cut off. On the ordinary slack course and loose College life, there would perhaps have been one hundred more than at present. It is a success and will be a great one. If a parent wants his son really educated, he never need hesitate sending him to Trinity; the whole life there will suit him. He will be sure to improve in morals, fine manners and in all the qualities of a gentleman. For several weeks there has been a continuous revival here among students and the people for miles around; but it is such a revival as all denominations would approve. It has been conducted entirely by Dr. Craven, assisted by almost all denominations. Trinity is openly and tremendously Methodistic, but not one iota sectarian. No Church dogmas are ever introduced there. It is christianly most amazingly in earnest, but so broad that all can work together.—The Quakers have been in the meeting all the time. Allen Jay, a noble specimen of their preachers, has preached twice and been present several other times. Many souls have been converted. Sometimes the whole congregation is bathed in tears; sometimes one shouts, or another rises up and talks, but nothing ex ravagant or ridiculous has been seen at all. No such revival has been seen in this country. Its effects are seen on all sides and in many ways. Meantime College life goes on its usual course; study is rigorously prosecuted, and just now the first grade examination is in progress. Many students are studying very hard, and it is believed quite a number will receive first honor, hard as it is to obtain. The health of almost all is good; board is good, and everything is prosperous and delightful. N. C.

MR. EDITOR: There were several mistakes in the speech of Dr. R. K. Speed, as published. We would be pleased to see them corrected.

In the third paragraph of his speech is the following; "To say to any man, you have done your duty is no compliment.—'Tis none from us to *you*"—should be, "'Tis none from us to "you." In the 5th paragraph "We welcome you as the healer of civil strife, as the captive's liberator, the quieter of vaulting ambition that o'er leaped itself, the restorer of civil law and the great *moderator* in these degenerate," &c.,—should be great "*vindicator* in these degenerate" &c. The speech as published closes as follows, "Whose deeds entitle him to stand as the peer of a Henderson; a *Graham*; Ruffin or a Badger." Where Graham's name is, "Gaston's" should be.

Mr. Editor, I had the pleasure of hearing Dr. R. K. Speed make the speech alluded to above, at the reception of Judge Brooks, on his return home. It was a complete success. I never saw an assembly of people so effectively and happily moved as were those who listened to the Doctor that day. All seemed to feel, that though most tyrannically oppressed for so long a time, the day of full deliverance is at hand—that they have strongest and brightest evidence that we are fast approaching again, if we have not already attained to a country of co-equal States; that passion and prejudice are fast giving way to reason and justice.

Our people, Mr. Editor, are now quiet and contented under the surety of a just and equitable State government for the future, and they are cheered with the strongest hope, of just such a change, in the General government.

Much has been written by your Western correspondents as to the proper man to be chosen as the United States Senator. We are not exercised at all about the matter here, for we feel well assured of the composition of the legislators elected. If our great favorite in this section, Dr. Speed should not be chosen to fill that high and responsible position, one like him—bold, fearless, able—and that would "rather be right than be President," will be.

CHIEF JUSTICE RUFFIN.

MESSRS. EDITORS: It has been said, that none but "an Appelles, should be allowed to paint an Alexander." I know, that the committee of invitation thought so, when they invited Gov. Graham to deliver an address on the life and character of such a man as the lamented Judge Ruffin.

At one time in life, I did not think so highly of the superior abilities and profound statesmanship of Gov. Graham, but upon serving with him in the seceding Convention, I found that I had *greatly underrated him*; for I now consider that he has not his superior, (if his equal) in North Carolina.

Nothing but my age and infirmities, could possibly prevent my coming on to hear the address, for I know it will be a most masterly production.

I think it more than probable, that my not appreciating Gov. Graham's talents as I ought to have done, arose somewhat, from our differing though life in politics; he being an old line Whig, and myself, the strongest kind of a secessionist.

MAYOR'S COURT.—Friday, Oct. 14th.—Mayor Harrison had but little business to engage his attention to-day. Two cases only presented themselves for adjudication: John Kinyon, col. arrested by Policeman Craven for being drunk and disorderly; fined $2.

John O'Mara, a soldier, charged with stealing a box from the North Carolina depot, belonging to another soldier. For several reasons this case had not been passed upon at this writing.

YARBOROUGH HOUSE.—Patrons of this excellent house are now feasting daily on those splendid oysters, caught and put up by Mr. Royster, of Suffolk, Va. They are always fresh and sound and put up in the best style. We have tried them and speak advisedly.

CATHOLIC CHURCH.—Father McNamara being absent, there will be no Mass in St. John's to-morrow. The Church will, however, be opened all day for the convenience of the people.

SUPERIOR COURT.—At the suggestion of Judge Fowle on yesterday, Judge Watts, adjourned his Court, in respect to the memory of the late Gen. R. E. Lee.

The children of the African M. E. Church Sabbath School will give a grand exhibition on Monday night next, in the Metropolitan Hall. The object is to raise money to pay for their organ.

Tickets, first floor,	50 cents.

A part of the seats on the first floor reserved for white citizens.

Pastors of Churches are respectfully invited.

When the news of Gen. R. E. Lee's death reached Greensboro, the flag on the Court House was placed at half mast and the bells in the place commenced tolling. A meeting of citizens was immediately called at which resolutions appropriate to the occasion were adopted.

BARBECUE.—There will be a barbecue given to the Conservatives of the 2nd Senatorial District in Washington county, at the Grove of E. R. Latham, Esq., near Plymouth, on Thursday the 27th inst.

The Conservatives of the adjoining counties are invited to attend.

S. W. LATHAM, S. L. JOHNSTON, T. S. ARMISTEAD, Jr., } Committee of Invitation.

MILL BURNERS.—A correspondent from Person county, states that the mill house of John Barnett, Esq., of that county was burned on the 6th inst. Three fine mills have been burned in that section recently. Our correspondent wants to know if this cannot be arrested. The scoundrels who perpetrate such deeds, are following the counsel of the Radical Legislative address of 1868, said to have been written by Judge Reade of Person and John Pool. Let the people be on the alert and catch the scoundrels. Every mill and factory should have a reliable night watch.

PETERSBURG COURIER.—This excellent journal has changed hands. Chas. Peebles Esq. succeeds Messrs. Smith, Camp & Co. in its proprietorship and management. In rendering our good wishes, we can only express the hope, that Mr. Peebles will keep the paper fully up to the standard it reached under its past management.

COAL AND SCALES.—The coal traffic over the Lehigh Valley R. R. of Penn. is enormous. A slight idea can be formed from the fact that forty thou and tons of coal have been weighed each week, for three years, upon a single track scale built by Messrs. E. & T. FAIRBANKS & Co., making a total of six million two hundred and forty thousand tons. This does not include that weighed upon the dozen or more other scales of their make upon the said road. Messrs. FAIRBANKS are now manufacturing nearly 1000 scales each week, of their various modifications, and are much behind their orders.

OPPOSITION CIRCUS.—A correspondent from Alamance, wishes to obtain a cage, in which to exhibit Kirk and Burgin at the State Fair. He thinks he could beat Robinson's Circus in making money, if he could have them on exhibition.

Edgecombe county so far, has not shipped this year half as much cotton as she did last.

GLITTERING TEETH.—Not only does SOZODONT impart the *whiteness* of the purest porcelain to the teeth, but its *polish*, too. They glisten after being brushed with it, like the inner surface of an ocean shell, and the effect of this peerless dentrifice is to render the enamel as hard, and indestructible as adamant.

THE HENDERSON FAIR.

We, the Local, visited Henderson Fair, on Thursday. We got on the grounds about 12 o'clock, and pretty soon the crowd was called to the stand to hear the annual Address delivered by K. P. Battle, Esq., President of the North Carolina Agricultural Society.

The Address was what might have been expected of the author: comprehensive in the range of topics, practical and clothed in chaste language, interspersed with personal reminiscencies, historical incidents and anecdotes. It was well delivered and well received. Any attempt to give a synopsis of it would do it injustice; we therefore forbear, supposing it will be published by the Society, if Mr. Battle will furnish it for that purpose.

The crowd in attendance was large, and embraced more pretty women than can be found in any crowd of similar size outside of North Carolina. That is our opinion.

We met on the grounds, Stone, of the Weldon *News*, Harris, of the Battleborough *Advance*, and Hughes of the Ridgeway *Press*, all looking well and bent on the pursuit of "items."

With regard to articles on exhibition, we are not prepared to say much to-day.—We were so busy on Thursday looking at the pretty girls, (no harm in that,) listening to the annual Address and witnessing the trotting match, that we did not have time to "do" the other part of the exhibition, and we went back on Friday to finish up that part of our report. We will say here, however, that the farmers and Mechanics of Warren, Franklin and Granville, did not do as well as they might have done in the way of stock, farm products and implements.

In the trot Thursday evening, three quarter's of a mile, best three in five, Paxon's Twist took first premium in three straight heats, Haywood's Fannie, of Raleigh, took the second premium.

Public Meeting at Tucker Hall.

At a meeting of the ladies and gentlemen of the city of Raleigh, held in Tucker Hall, on Friday afternoon, for the purpose of expressing the sorrow of our citizens at the death of General Robert E. Lee: On motion of Gen. COX, Ex-Gov. Thos. Bragg was called to the Chair, and Messrs. Jno. C. Gorman and C. M. Busbee requested to act as Secretaries.

Gov. Bragg, on taking the Chair, explained in a few pertinent remarks the object of the meeting.

On motion, a committee of five was appointed to prepare suitable resolutions for the consideration of the meeting. The Chairman appointed Maj. Seaton Gales, Hon. Wm. H. Battle, Dr. Chas E. Johnson, Hon. D. M. Barringer and Gen. Wm. R. Cox.

The committee through their Chairman, Maj. Gales, reported the following resolutions, viz:

We, the citizens of Raleigh, have assembled, on this sad occasion, for the purpose of paying a sincere and profoundly felt, though most inadequate, tribute to the memory of the late General ROBERT EDMUND LEE. Conscious that no words can express the intensity of our feelings, we do what we can, to manifest to the world, how warmly we loved and admired him, and how painfully we are affected by his death, in the adoption of the following resolutions:

Resolved, 1st. That the intelligence of the death of Gen. Robert E. Lee,—intelligence which has created a profound sensation throughout the whole nation and has especially stirred the deepest sympathies of the Southern heart,—has caused the people of Raleigh a deep and poignant sorrow.

2nd. That, in every relation of life, public and private, we recognize in Robert E. Lee that admirable combination of goodness and greatness, which approximated *him*, nearer than any other man, to that rare model of human excellence, George Washington.

3rd. That, in order to give fuller expression to our grief, a Committee of six persons shall be appointed by the Chairman of this meeting, whose duty it shall be to make and publish proper arrangements for some future memorial observances.

Maj. Gales in presenting the resolutions and Gen. Cox in seconding their adoption, portrayed in fitting terms the grief and sadness of our community in their great affliction. Appropriate addresses were then made by Hon. D. M. Barringer, Judge Battle, Rev. Dr. Lacy and the Rev. J. M. Atkinson.

The Chairman announced the following gentlemen as the Committee under the last resolution, viz: Messrs. Seaton Gales, P. F. Pescud, W. H. Crow, R. S. Tucker, R. H. Battle Jr., and John G. Williams.

The meeting then on motion adjourned.

THOS. BRAGG, Chairman.
JNO. C. GORMAN, C. M. BUSBEE, } Secretaries.

LINES ON THE DEATH OF GEN ROBT. E LEE.

Brave spirit! thou hast fled
Beyond this earthly sphere.
Thou art numbered with the dead,
Yet thy memory lingers here.

Thy battle of life is o'er,
Thy patriot heart is still,
And on the heavenly shore,
Thou bidest thy MASTER'S will.

Bowed down with grief and woe,
A grateful people's tears,
Shall o'er thy ashes flow
Through time's remotest years.

Farewell, true Patriot, Friend,
Thank God, thy country's lost,
Hast found thee in the end
A "soldier of the Cross."

Systems Run Down.

Persons often allow their systems to "run down," or rather *run them down* by over-work, accompanied by a neglect of the proper means of invigoration. The result is what is called "GENERAL DEBILITY;" in other words, a failure and partial collapse of the physical forces, accompanied, usually, by great depress on of spirits.

The best remedy in such cases is Hostetter's Stomach Bitters. Whether the state of exhaustion has been brought on by excessive physical labor, dissipation, anxiety of mind, exposure, or any other cause, the remedial effect of this great stomachic will be found equally prompt and certain. As a restorative, after severe sickness has prostrated the bodily and mental energies, it is pronounced, by competent medical authority, "THE BEST TONIC IN USE." If men were not foolishly careless about their health, and over confident in themselves, they would always, when engaged in any work that required great exertion, use corresponding means of sustaining their strength. For this purpose Hostetter's Bitters are invaluable. All toilers should use them as an invigorant.

For those constantly employed in in-door occupations, e-pecially in crowded work-shops, they may be reckoned as the very best safeguard of health. Where there is a predisposition to constipation, or a tendency to biliousness, they may be truly said to be a specific for which there is no substitute.

OHIO.

COLUMBUS, Oct. 13.—Fifty-two counties have been heard from officially and give a Republican majority of 0,625. The remaining twenty-six counties will increase the Republican majority to 15,000. In the 4th district McKinney, Democrat, has 121 majority.

Judge Wilson, Republican, elected by 26 majority in the 4th Judicial district, Shoemaker, Republican has 1,000 majority in Luzerne and 800 in Susquehannah. Harding, Republican, has defeated Woodward for Presiding Judge of Luzerne County, by 1600 majority. Luzerne county goes altogether Republican. Heretofore it has been a reliable Democratic stronghold.—In Indiana the election of the Democratic State ticket is conceded by all. Eighty-five counties give 1276 Democratic majority. Seven counties to hear from gave 416 Democratic majority in 1868. The Democrats have 8 majority in the House of Representatives, and a tie in the senate. Shanks, Republican, is elected in 9th district. Result in 8th district still unknown.—Coburn Republican is elected in 5th district.

Cincinnati District is now claimed for Smith. Republican majority in Sixth District will be three hundred.

PENNSYLVANIA

HARRISBURG, Oct. 14.—Incomplete returns show the Republican majority in the State Senate to be one and in the House 12. The official count may alter this.

FOREIGN.

TOURS, Oct. 14.—It seems to have been the purpose of the Prussians for some time to occupy Orleans. A large force of Prussians re-entered Pithiviers and treated the inhabitants brutally. Yesterday they marched to Gaintay, 12 kilometres beyond, towards Gien. At Gaintay, fifteen hundred cavalry made a requisition on the place.

A decree of government at Tours, authorizes the Prefect of Pontaubleau to take all possible measures to save objects of art and value at the Palace. A list of articles hidden or removed is to be kept.

The news received shows that Bazaine's sorties at Metz on the 9th, 8th and 10th were exceedingly successful. Several Prussian regiments were cut to pieces. A large amount of provisions and munitions were captured, and the Prussians were forced to change positions for fear of being cut apart.

A balloon freighted with 125 lbs to-day from Paris, with dispatches and letters. With it a person was sent to establish a system of carrier pigeon service, between this city and Paris, by which daily communication will be sustained. The Prefect of Vernon announces the occupation of Gisons by three thousand Prussians with artillery, commanded by Prince Albert. They are awaiting re-inforcements with which to move on Rouen. The Prefect of Colmar announces that the siege of Neufbrisach continues. The town is completely surrounded by heavy detachments, who are supplied with artillery. They make enormous requisitions for their commissarat.

A dispatch from Epinal, yesterday afternoon announces that the Prussian have entered that place. The citizens made a stout defence, the town was considerably damaged by the cannonade. Epinal has about fifteen thousand population. It is in the department of Vauges on Moselle. It is reported unofficially this morning, that the Prussians seem to be falling back from this side of Orleans. They have left Beaugency and Meung. Those towns are fifteen miles south of Orleans, and the most extreme point in this direction yet reached by the enemy.—From reports of officers who participated in the two day's action near Orleans, we learn that the losses are not so heavy as was at first reported.

LONDON, Oct. 14.—The "Pall Mall Gazette" confirms the reported marriage of the Princess Louise to the Marquies of Lorne and considers it a fact, without recent precedent.

A dispatch from Paris, renews admit that since 6 o'clock Tuesday evening, the Prussians have held possession of Orleans. Their artillery was placed in a strong position and drove the French beyond the Loire.

A telegram dated Tours, Thursday night, says that a balloon containing Le Fevre, secretary of the French Embassy at Vienna, has descended at Campbria.

Otto Krupp on the fortifications at Paris, has particularly distinguished himself by great accuracy of aim. He has prevented all efforts of the Prussians to construct offensive works within the range of his guns; he is named Christian. The Prussians have not been able to erect a single battery near enough to disturb any part of Paris. Steady firing is maintained from the forts Duvalerien and Disey. The Prussians have been compelled to retreat from the fire of those forts. The morale of the French troops is excellent. Wooden huts for troops are arriving at the Prussian position betore Metz.

BERLIN, Oct. 14.—The Queen has received the following dispatch from King William: "Versailles Wednesday. A thousand prisoners fell into our hands as the result of Von Detaute's victory near Orleans. The battle lasted from 9 A. M. to 7 in the evening, and was fought on difficult ground. The captive of Orleans was followed by that of Laodes. The French force were heavy and ours small. The details of the battle are wanting.

WASHINGTON.

WASHINGTON, Oct. 14.—It is generally believed that the government holds the Arlington estate by the confiscation act, which if true, the property would have to revert to the widow of General Lee. The property was left by Mr. Custis, to Mrs. Lee his daughter, with a life int rest, and at her death to Custis and Fitzhugh Lee his grandsons. The taxes being unpaid during the, war it became the property of the United States by tax purchase, and is now held by tax title. Efforts have been made to redeem it, but without avail. The best part of the estate is now covered by the National Cemetery.

PENNSYLVANIA.

PHILADELPHIA, Oct. 14.—Harmer, Republican, is elected to Congress in the 5th district by 1061 majority. Getz Democrat, has 5,366 majority in the 8th district. In the 10th district, Kedinger, Republican, is elected by 629 majority.

In the 16th district the official majority of Myers, Democrat, is 51.

NEW YORK.

NEW YORK, Oct. 14.—The *Telegram* has the following special: "A London dispatch received from Tours, dated 14th, by the Provisional Government via a carrier pigeon, which states that the Prussians are in full retreat from Paris—no particulars. This had arrived when our dispatch left, but a dispatch was also received from Paris by another source, stating that the enthusiasm in Paris consequent upon this unexpected event is indescribable."

Advices from Rouen yesterday announce that the Prussians have captured Breteuil. The Mobiles repulsed the first attack, but the Germans came up a second time with reinforcements.

Garibaldi has arrived at Marseilles on his way to Paris. Rochefort is also expected at that city.

No military command has been offered to Parlikae by the government as has been reported.

VIRGINIA

LEXINGTON, Oct. 14.—Everything about Lexington indicates it as a house of mourning. To-day all business houses are closed and a deep gloom pervades the whole community. Memorial services were held yesterday and this morning in the College and were largely attended.

The remains were conveyed from his residence to the College chapel, the following being the order of the procession: Escort of Honor, consisting of the officers and soldiers of the late Confederate army, Chaplain and other Clergy, Pall bearers with the old gray war horse that carried the General through all his campaigns in the late war, Trustees and Faculty of Washington College, and students, the Faculty, officers and cadets of the Virginia Military Institute, Masons and Odd Fellows and citizens. The Pall-bearers were Judge Anderson, David E. Moore, Senior, a Trustee of Washington College; Rt. Gov. John Letcher, Commodore M. F. Maury, of the Virginia Military Institute, Col W. Preston Johnston, Hon. Randolph Tucker, Professor in Washington College, Wm. L. Prather and Edward Pollock, students of Washington College, Capt. J. C. Boude and Capt. J. P. Moore, soldiers of the Confederate States Army, Wm. G. White and Joe G. Steele citizens of Lexington.

The remains lie in state in the College Chapel until interment, to-morrow at 12 M., and is there visited by thousands of grief stricken people, white and colored, old and young.

The ladies of Lexington claimed it as their privilege to drape in mourning with their own hands, the College Chapel which Gen. Lee built and beneath which he is to be buried and the Episcopal Church of which he was a devout member.

Meetings have been held by the Faculty of the College, of the Military Institute, by the students of the College and the several Literary Societies, also by the officers and soldiers of the late Confederate army resident at Lexington and citizens of Lexington en masse, and touching resolutions adopted to give expression of the universal sense of sorrow. The Faculty of Washington College, after an appropriate preamble adopted the following resolutions:

Resolved, That in the midst of the deep calamity which has befallen us in the death of our beloved President, we the Faculty of Washington College, experience a profound pleasure in recognizing the fact that the fame of Gen. Lee, while it belongs to the whole country is, in an especial sense, the heritage of Washington College, and that it is our duty as it is our privilege to provide here suitable memorials whereby this precious privilege shall be acknowledged and his name publicly held in grateful remberance by this College for all future time.

Resolved, That a committee be appointed to confer with a like committee of the Board of Visitors, and report measures and plans for the erection of a suitable monument to Gen. Lee in the room in which his remains are to be interred, and further, to consider and recommend such other monuments or memorials as may be deemed appropriate in the College.

Resolved, That the said committees be requested jointly to make arrangements for the delivery of an eulogy on the life and character of Gen Lee in the College Chapel, on the 19th day of January 1871, being the date and anniversary of his birthday, and we also express the wish that this anniversary like the birthday of Washington, shall be hereafter always celebrated in Washington College.

Resolved, That the Secretary of the Committee be requested to confer and report to their respective bodies on the subject of so amending the present charter of Washington College, that the name of this Institution may hereafter express in its conjunction the immortal names of Washington and Lee, whose lives were so similar in their perfect renown, and with both of whom equally, by singular good fortune, it is entitled to be associated in its future history.

Gen Lee remarked two years ago to General Pendleton, that he did not expect to live longer than two years more. The evening he was taken sick he was unusually bright and cheerful. The remote reason of Gen. Lee's death is ascribed to a long continuance of depressing moral causes, commencing with the weighty responsibilities, duties and anxieties during the last year of the war and the overthrow of the cause beloved and the condition of the South since. He bore all with a calm exterior and devoted himself to the duty of the hour, but the fibres of his great heart were at last broken. The proximate cause of his death was mental and physical fatigue, inducing venous congestion of the brain, which gradually caused cerebral exhaustion and death.

RICHMOND Oct 14.—A message has been received here by Mr. A. M. Kelly, Chairman of the Committee of the House of Delegates, to the effect that the family of Gen. Lee would not be averse to the burial of the remains of Gen. Lee in Hollywood. Richmond is the section belonging to the State. The Committee of the House, therefore, left the city this morning for Lexington. These facts were announced in the Legislature this morning and that body adjourned over until, Tuesday next.

GEORGIA

AUGUSTA, Oct. 14.—Nearly all business houses are draped in mourning to-day, in respect to the memory of Gen. Lee. Bells were tolled and business in a great measure was suspended.

ATLANTA, Oct. 14.—Extensive preparations are being made for the obsequies of Gen. Lee to-morrow. Everybody, without distinction of party, will take a part. The Legislature, Judiciary and all will engage.

FOREIGN.

LONDON, Oct. 14.—There is a violent resistance in all the French and Spanish ports to the shipment of food in any form.

The terrible artillery fire from Mount Valerein has swept the country round about for 6 kilometers. The Prussian works have been destroyed. All the batteries the Prussians attempted to erect against Mount Valerein have been annihilated. Chatteau Mendeon has been destroyed. The Prussian Engineers have been driven from Clamont and Mendon-Fement. Villejuff and Chaton have both been recovered by the French. On the north the Prussians have been driven back as far as Deuil and Bumenil. The entire peninsular around Genellieres has been freed from the Prussians by several strong cavalry reconnoissances, and is now in French hands. In eastern Paris a lively cannonade has been maintained towards Bondy. The Prussians have also been driven from Champigny, to more than two miles east of Vincinnes.

The Prussian circle around Paris is therefore extending daily instead of contracting, and the French are greatly encouraged.

Demonstrations have likely occurred in Paris favorable to radical changes in the government. Their origin was ascribed to Florine and Louis Blanc. The movement was utterly insignificant.

The French army of the South has a nucleus, consisting of the cavalry regiments which were sent south from Paris before the investment of the city, the Algerian infantry and the troops formerly serving in western departments, making a total of six thousand effective men.

A dispatch from Berlin states that a Court Martial in the Prussian lines makes a short work of deserters.

The credit for arming the German people has been raised to twenty-three millions.

The commander of Toul died at Midna recently of small-pox.

The rumored proposal of Bismarck to reconstruct the Holy Alliance is regarded as equally false and absurd.

13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiture" and "Endowment policies."
17. The amount of new business during the year ending "December 3, 1869" was $51,021,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1863.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" so well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Raleigh Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet. Size Bale 4½ feet 22x32x56in; wt. Bale 400 to 550 lbs.

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON-FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Fictitious *Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter.
